## Letters to the Editor

These are just some of the responses posted either on-list or privately after we announced Issue 1 in October 1999.

*Excellent stuff, you guys certainly deserve your places in the "Hall of Frame" (a possible new topic dedicated to heaping praise on those who have gone above and beyond the call of duty in the cause of FrameMaker?)*

*Best*

*Sarah*

*My compliments! Already in this first issue I've found two items that will be of help to my department. The design is pleasing and easy to use, and I look forward to future issues.*

*Congratulations to all involved.*

*I'd like to add my congrats on a great first issue and to express admiration at the freely given efforts of you and your colleagues in making it such an admirable and welcome contribution to the Frammaker literature. Can't wait for Issue 2!*

*Thanks & Regards,*

*David Lindsey (d.c.lindsey@abdn.ac.uk)  
Aberdeen University Computing Centre*
